"Thanks a million for the DVD we really enjoyed it. It's great to have it broken into all the different sections so no one needs to sit through the whole church part!! My mum really enjoyed the shots outside her house especially the little flower in the garden. The shots of the dress, the church & the venue were all fantastic - I could keep going on and on!! Thank you so much for putting so much effort into it and your attention to detail is much appreciated." .... Lisa & Joe
